Elevate
your workflow

Inspiring excellence in cancer treatment

A more efficient workflow saves time for what really matters

An automated workflow doesn't just save time for you and your team by minimizing the need for repetitive time-consuming work, it also increases patient safety. We offer a complete solution for workflow automation in radiation therapy, seamlessly integrated in your current setup.

cAccessory

Device setup made easy

SAY GOODBYE TO PEN AND PAPER

Press a button instead of filling out the same templates over and over. cAccessory automates your accessory registration and validation which means everything becomes more efficient.

HASSLE FREE AUDITS

cAccessory automatically makes everything fully auditable, without the hassle. Instant verification speeds up the process and all documentation is easily accessed and stored safely.

MACHINES DON'T MAKE HUMAN ERRORS

cAccessory gives you confidence that you always have the correct devices, and makes sure that you don't miss anything important. Minimizing the risk of human errors means increased patient safety.

ADAPTS TO YOU – NOT THE OTHER WAY AROUND

cAccessory is vendor neutral which means it will integrate seamlessly in your current workflow and help to streamline where it can, no matter what device you are currently using.

**Fast device
setup**

**Instant ID
validation**

cPatient

Contactless patient identity validation

FASTER, SAFER, BETTER

Facial scan is faster in validating a patient's identity and removes all unnecessary contact between patients and devices, making it more hygienic and more safe.

A SYSTEM THAT BECOMES SMARTER EVERY DAY

cPatient uses machine learning and learns to adapt to patients' appearance changing over time. It doesn't just scan pictures, it compares biometrical features in patients' facial structures.

EFFICIENCY IS GREAT – PATIENT SAFETY IS VITAL

While making your workflow more efficient is one of the core benefits of cPatient – the fact that it increases patient safety is what we are most proud of.

Say hello to your **new dream team** in advanced radiation therapy

OUR MISSION IS GLOBAL IN SCOPE

C-RAD's cutting-edge solutions ensure exceptionally high precision, safety and efficiency in advanced radiation therapy, helping to cure more cancer patients and improve their quality of life.
