(SRS Headrests included with SRS Adapters)

# Simplicity and versatility working together

At just 5.4kg (12 lbs), the Alta™ Multipurpose device is lightweight and therapist-friendly. Using Alta™ with compatible accessories facilitates device consolidation for patient positioning during radiotherapy.

The Alta™ spine area is clear and free of any objects and features a homogeneous platform with 3.8 mm WET for precise dose delivery, including hypofractionated treatments.

## InfinityEdge™ & InfinityLock™

Alta™ Multipurpose Device provides a versatile platform that features the InfinityEdge™ for quick attachment of InfinityLock™ positioning accessories to streamline radiotherapy MR and CT imaging and treatment workflows.
